

# Why Is The US COVID Death Rate So High?

**COVID Death Rate Per Capita as of December 11, 2021 (out of 195 countries reporting, the US is 19th!)**

Country	Rank	Total Deaths	Deaths/Million	Total Population	Land Mass Total Square Miles	People/ Square Mile	Source
US	19	794,649	2386	333,000,000	3,500,000	95	Wikipedia
India	109	474,479	340	1,393,000,000	1,240,000	1123	Wikipedia
Iran	49	130,603	1535	85,000,000	640,000	133	Wikipedia
China	185	4,636	3	1,444,000,000	3,710,000	389	Wikipedia

## **Government Incentives Promoting COVID Deaths in US:**

	Financial Incentive	Source
FEMA family funeral reimbursement	\$9,000	FEMA
Ventilator installation income	\$39,000	factcheck.org
Additional ICU days in the hospital, on ventilator	\$235,000	FAIR Health
COVID death bonus	\$13,000	factcheck.org
COVID care bonus	20%	factcheck.org
Remdesivir bonus (plus other drugs add-on)	20% add-on	factcheck.org
ICU status additional income	\$91,000	FAIR Health
Immunity from liability except gross negligence, criminal misconduct; intoxicated	unlimited	CARES Act

**Lack of patient advocacy and government bonuses, combined with immunity from liability, provide a deadly temptation.**

**Our daughter was worth more to the hospital dead than alive!**
